BOOKING YOUR EVENT

We can hold a provisional date for 14 days with no obligation needed to allow you the time to get organised with any other suppliers and check availability.

In order to confirm your booking we require a non-refundable deposit of £200.

We will contact you in advance of your event to go over the details of your function and what you require, taking into account meal options, room hire and anything else. This will allow us to create an estimated cost for the day, and final numbers for catering will be due 7 days prior to the event. The balance is due on the day of the function.
